## Someone You Loved - Lewis Capaldi

I'm going under, and this time I fear there's no one to save me This all or nothing really got a way of driving me crazy I need somebody to heal Somebody to know Somebody to have Somebody to hold It's easy to say But it's never the same I guess I kinda liked the way you numbed all the pain Now, the day bleeds into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved I'm going under, and this time I fear there's no one to turn to This all or nothing way of loving got me sleeping without you I need somebody to know Somebody to heal Somebody to have Iust to know how it feels It's easy to say But it's never the same I guess I kinda like the way you help me escape Now, the day bleeds into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug

I was getting kinda used to being someone you loved And I tend to close my eyes when it hurts sometimes I fall into your arms I'll be safe in your sound till I come back around For now, the day bleeds into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved But now the day bleeds into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved Let my guard down And then you pulled the rug I was getting kinda used to being someone you loved
