

Easy come, Easy Go – 2+1

Long time ago we've been together,
I thought until the end of time,
You said: "Our love will last forever,
You are the sunshine of my life"

But now the carnival is over,
The final curtain's falling down,
Now I'm a broken-hearted lover,
Look at me, the king of clowns

Easy come easy go that I lost my head again,
Hold me what I see what a fool I am,
Don't you know love is so it takes a harmony,
Can't you see,
You must be true if you wanna be my baby,
Gotta be true if you wanna be my love

You said: "Our love will last forever",
You said: "Lighten up my life",
So long ago we've been together,
I thought until the end of time

But now the carnival is over,
The final curtain's falling down,
Now I'm a broken-hearted lover,
Look at me, the king of clowns

Easy come easy go that I lost my head again,
Hold me what I see what a fool I am,
Don't you know love is so it takes a harmony,
Can't you see,
You must be true if you wanna be my baby,
Gotta be true if you wanna be my love

Easy come easy go that I lost my head again,
Hold me what I see what a fool I am,

Don't you know love is so it takes a harmony,
Can't you see,
You must be true if you wanna be my baby,
Gotta be true if you wanna be my love
