

# Feelin me – 7norbi

City full of big crowds  
There's a lot I should figure out  
Even though it gets loud  
Forever nervous of being proud

Saw you at the bar in a red dress  
Some top shelf and a cigarette  
And there's a lot I should figure out

And the way that you're movin your hips  
Really feels like an conversation  
I can't explain it  
But I'm helpless

Then you turn around and turn your cheek to me  
When I didn't earn it  
But then you turned back  
And I wonder

Baby are you feelin'  
Are you feelin me  
Babe are you feelin'  
I just can't help but to

Wonder if you're feelin'  
Are you feelin me  
The Push and Pullin has got me lost  
And I wonder

Baby are you feelin'  
Feelin'  
Feelin'  
Baby are you FEELIN  
Feelin'  
Feelin'  
Feelin me?

I want you to myself  
Don't care for no one else  
I want you to myself  
To myself, to myself yea

Your talkin to your new friends  
When I thought we were settled in  
As I was finishing my last drink  
I heard you callin me

Saw you at the bar in a red dress  
With your tattoo of a silhouette  
And I was thinking to myself  
Are you in to me?

And the way that you're movin your lips  
Really captivates my thinking  
So I keep listening  
Yeahhh

Then you turn around and turn your cheek to me  
When i didn't earn it  
But then you turn back  
And I wonder

Baby are you feelin'  
Are you feelin me  
Babe are you feelin'  
I just can't help but to

Wonder if you're feelin'  
Are you feelin me  
The Push and Pullin has got me lost  
And I wonder

Baby are you feelin'  
Feelin'  
Feelin'  
Baby are you FEELIN

Feelin'  
Feelin'  
Feelin me?

I want you to myself  
Don't care for no one else  
I want you to myself  
To myself, to myself yea
