Running - Adam Lambert

Steel to my tremblin' lips

How did the night ever get like this?

One shot and the whiskey goes down, down,down

Bottom of the bottle hits

Waking up my mind as I throw a fit

The breakin' is takin' me down, down, down

My heat's beating faster

I know what I'm after

I've been standing here my whole life

Everything I've seen twice

Now it's time I realized

It's spinning back around now

On this road I'm crawlin'

Save me cause I'm fallin'

Now I can't seem to breathe right

Cause I keep runnin runnin runnin runnin

Runnin runnin runnin

Runnin from my heart

'Round and around I go

Addicted to the numb livin' in the cold

The higher, the lower, the down, down, down

Sick of being tired and sick

And ready for another kind of fix

The damage is damning me down, down, down

My heat's beating faster

I know what I'm after

I've been standing here my whole life

Everything I've seen twice

Now it's time I realized

It's spinning back around now

On this road I'm crawlin'

Save me cause I'm fallin'

Now I can't seem to breathe right

Cause I keep runnin runnin runnin

Runnin runnin runnin

Runnin from my heart

Oh, I'm coming alive Oh, I'll wake up now and live Oh, I'm coming alive A life that's always been a dream I'll wake up now and live I've been standing here my whole life My heat's beating faster I know what I'm after I've been standing here my whole life Everything I've seen twice Now it's time I realized It's spinning back around now On this road I'm crawlin' Save me cause I'm fallin' Now I can't seem to breathe right Cause I keep runnin runnin runnin Runnin runnin runnin Runnin from my heart Cause I keep runnin runnin runnin runnin Runnin runnin runnin

Runnin from my heart
