I wannna feel - I'm for you.  
I wanna know - I'm just for you.  
I wanna taste life with you.  
I wanna see myself with you.

You let me be who I am.  
You make me feel - I'm the best, baby.  
Please let me be with you, babe.  
I wanna scream out your name.

Baby, baby, baby like you.  
There's no other man like you.  
Oh baby baby I love you.  
There's no other man like you.

I wanna know what is it like,  
to be the one to be your wife.  
I wanna make you feel fine..  
So let me carful you right now.

You let me be who I am.  
You make me feel - I`m the best, baby.  
Please let me be with you, babe.  
I wanna scream out your name.

Baby, baby, baby like you.  
There's no other men like you.  
Oh baby, baby I love you.  
There's no other men like you.

Baby, I need soo.  
You know, I gonna get you.  
Honey, I need you so.  
When you saw?  
Babe, babe now!

Baby, baby, baby like you.  
There's no other man like you.  
Oh baby, baby I love you.  
There's no other man like you.

Step on the way with you.  
I wanna scream out your name.  
Step on the way with you.  
I wanna scream out your name.  
Step on the way with you.  
I wanna scream out your name.

There's no other man like you.
