The Scientist – Coldplay

Come up to meet you, Tell you I'm sorry You don't know how lovely you are I had to find you Tell you I need you Tell you I set you apart Tell me your secrets And ask me your questions Oh, lets go back to the start Running in circles, coming up tails Heads on a science apart Nobody said it was easy It's such a shame for us to part Nobody said it was easy No one ever said it would be this hard Oh, take me back to the start I was just guessing At numbers and figures Pulling the puzzles apart Questions of science, Science and progress Do not speak as loud as my heart And tell me you love me Come back and haunt me Oh when I rush to the start Running in circles, chasing on tails Coming back as we are Nobody said it was easy Oh, it's such a shame for us to part Nobody said it was easy No one ever said it would be so hard I'm going back to the start Oh ooooh, ooh ooh ooh ooh Ah ooooh, ooh ooh ooh ooh Oh ooooh, ooh ooh ooh ooh Oh ooooh, ooh ooh ooh ooh
