

Water And The Flame – Daniel Merriweather feat. Adele

Seven days has gone so fast,
I really thought the pain would pass
It's been nearly an hour,
Since I thought of you
But your not answering the phone,
I'd settle for a busy tone,
At least that I'd know that you're okay
A girl like you ain't meant to go away
Oh
Now you're gone,
Theres nothing else I want
Now that it's over,
There's nothing else I want
What have I done,
Looks like I was wrong
Is everything really meant to change,
I guess we're like water and a flame
Water and a flame
I'm tired of this empty house,
I need a drink to get me out
A couple more til I forget your name
I saw a boy that looked like you,
I didn't know quite what to do,
It took a power of will to break my stare
I realized what I wanted wasn't there
Now you're gone,
Theres nothing else I want
Now that it's over,
There's nothing else I want
What have I done,
Looks like I was wrong
Is everything really meant to change,
I guess we're like water and a flame
Water and a flame
If you see me coming

I look away, I look away
And if your mind is made up
I look away, I will look away
If your worry bound
I'm okay, I'm okay, yes I am
All this sorrow and this pain,
Is going to go away
Now you're gone,
There's nothing else I want
Now that it's over,
There's nothing else I want
What have I done,
Looks like I was wrong
Is everything really meant to change,
I guess we're like water and a flame
Water and a flame
