

## 2U – David Guetta

No limit in the sky  
That I won't fly for ya  
No amount of tears in my eyes  
That I won't cry for ya, oh no  
With every breath that I take  
I want you to share that air with me  
There's no promise that I won't keep  
I'll climb a mountain, there's none too steep

When it comes to you  
There's no crime  
Let's take both of our souls  
And intertwine  
When it comes to you  
Don't be blind  
Watch me speak from my heart  
When it comes to you, comes to you

Want you to share that  
(It comes to you)

Cupid in a line  
Arrow got your name on it, oh yeah  
Don't miss out on a love  
And regret yourself on it, oh  
Open up your mind, clear your head  
Ain't gotta wake up to an empty bed  
Share my life, it's yours to keep  
Now that I give to you all of me, oh

When it comes to you  
There's no crime  
Let's take both of our souls  
And intertwine  
When it comes to you  
Don't be blind

Watch me speak from my heart  
When it comes to you, comes to you

Want you to share that  
(Share) When it comes to you  
Want you to share that

When it comes to you  
There's no crime  
Let's take both of our souls  
And intertwine  
When it comes to you  
Don't be blind  
Watch me speak from my heart  
When it comes to you, comes to you
