

# Do you only wanna dance – Dirty Dancing

Funny thing is when I look into your eyes  
I sense something so sincere in your disguise  
You whisper secrets I hear only in my dreams  
Then I wake up to your tele-smoke screen  
I wait patiently while you play your game  
'Cause in the end, I'll be the winner all the same  
You'll see clearly when the song comes to a stop  
I'll be the one blowing kisses from the top  
Stop, you're surrounded  
(I got my love) Love all around ya  
(One wrong move) Move and I'll down ya  
And that'll end ya  
You should surrender  
You'll never win  
Unless you give in  
Stop, you're surrounded  
(I got my love) Love all around ya  
(One wrong move) Move and I'll down ya  
And that'll end ya  
You should surrender  
You'll never win  
Unless you give in  
So won't you give our love a chance?  
Or do you only wanna dance?  
You put your lips very closely to my face  
And then you run away and so begins the chase  
I'll be the hunter, but boy, you better pray  
'Cause when I want ya, I'll get you anyway  
You know what I wanna do  
It ain't nothing new  
I'm tired of dropping clues  
So, gonna step to you  
Will you rise to my occasion?  
Or will you make me change your station?  
Stop, you're surrounded  
(I got my love) Love all around ya (Uh)

(One wrong move) Move and I'll down ya  
And that'll end ya  
You should surrender  
You'll never win  
Unless you give in  
Stop, you're surrounded  
(Oh, I got my love) Love all around ya  
(One wrong move) Move and I'll down ya  
And that'll end ya (Uh)  
You should surrender (Uh)  
You'll never win  
Unless you give in  
So won't you give our love a chance?  
Or do you only wanna dance?  
If you take my hands  
And follow my lead  
I'll make you dance (I can make you dance)  
But if you get my feet (Get my feet)  
And miss the beat (And miss the beat)  
Then I can't take that chance  
If you take my hands (Oh)  
And follow my lead (Oh, Oh, oh-oh)  
I'll make you dance (I can make you dance)  
But if you get my feet (Get my feet)  
And miss the beat (And miss the beat)  
Then I can't take that chance (I can't take it)  
Stop, you're surrounded  
(I got my love) Love all around ya  
(One wrong move) Move and I'll down ya  
And that'll end ya  
You should surrender  
You'll never win  
Unless you give in  
Love all around ya  
(One wrong move) Move and I'll down ya  
And that'll end ya (Uh)  
You should surrender (Uh)  
You'll never win  
Unless you give in

Stop, you're surrounded  
(I got my love) Love all around ya (All around you)
