

Seven doors hotel – Europe

Four hundred years back in this time
Seven Doors Hotel
A massacre took place and a young man died
Opened one gate to Hell
The Eibon is open
Use your eyes To read and learn
In the end it could be
It could be your turn
1981 traces were found
That could not exist in one's mind
A woman could lead you totally deceive you
Without your knowing she's blind
The Eibon is open
Use your eyes To read and learn
In the end it could be
It could be your turn
Seven Doors Hotel
One of seven gates to Hell
Seven Doors Hotel
One of seven gates to Hell
Do always watch out
For things That you see but don't understand
The Devil is there always somewhere
Ready to command
The Eibon is open
Use your eyes To read and learn
In the end it could be
It could be your turn
Seven Doors Hotel
One of seven gates to Hell
