Something From Nothing - Foo Fighters

Give me the flammable life I'm cold as a match Ready to strike So here I go

Here lies a city on fire Singing along The arsonist choir Now here I go

It started with a spark And burned into the dark Now here I go

There is a river I found Into the wild Under the ground So here I go

A button on a string And I heard everything Now here I go

Oh sweet ignition be my fuse You have no choice you have to choose Bid farewell to yesterday Say goodbye I'm on my way

But in the end we all Come from what's come before So here I go

Oh sweet ignition be my fuse You have no choice you have to choose Bid farewell to yesterday Say goodbye I'm on my way I threw it all away because
I had to be what never was
Been so hungry I could lie
You took my word I took your wine
And held you in my bloody hands
These rattled bones and rubber bands
Washed them in the muddy water
Looking for a dime and found a quarter
But you can't make me change my name
You'll never make me change my name
Pay no mind now ain't that something
Fuck it all! I came from nothing

I'm something
From nothing
You are my fuse
I'm something
From nothing
You are my fuse
It goes

Oh oh oh Oh oh oh Oh oh oh It goes Oh oh oh

No you can't make me change my name You'll never make me change my name Pay no mind now ain't that something Fuck it all! I came from nothing I'm something From nothing I'm something From nothing
