

Sharks – Imagine Dragons

Trouble

Blood is in the rocky waters

Hide away your sons and daughters

Eat you alive

Levels

Better put your head on swivels

Dancin' with the very devil

Butter to knife

You think you're better than them

Better than them

You think they're really your friends

Really your friends

But when it comes to the end

To the end

You're just the same as them

Same as them

So let it go, let it go

That's the way that it goes

First you're in, then you're out

Everybody knows

You're hot, then you're cold

You're a light in the dark

Just you wait and you'll see

That you're swimmin' with sharks

He's comin' to get you

Woo, woo

He's comin' to get you, get

Woo

Bubbles

Drownin', you're seein' doubles

Don't you let them see your struggles

Hidin' your tears

Crisis

Take advantage of your niceness

Cut you up in even slices

Prey on your fears

You think you're better than them

Better than them

You think they're really your friends

Really your friends

But when it comes to the end

To the end

You're just the same as them

Same as them

So let it go, let it go

That's the way that it goes

First you're in, then you're out

Everybody knows

You're hot, then you're cold

You're a light in the dark

Just you wait and you'll see

That you're swimmin' with sharks

He's comin' to get you

Woo-woo

He's comin' to get you, get

He's comin' to get you

Woo-woo

He's comin' to get you, get

Every time my heart is beatin', I can feel the recipe

I wonder if my day is coming, blame it on the entropy

My blood is pumpin', I can see the end is right in front of me

Don't take it from me, I could be everything

Everything!

Don't take it from me

My blood is pumpin'

My blood is pumpin'

Don't take it from me, I could be everything

Everything

So let it go, let it go
That's the way that it goes
First you're in, then you're out
Everybody knows
You're hot, then you're cold
You're a light in the dark
Just you wait and you'll see
That you're swimmin' with sharks

He's comin' to get you
Woo-woo
He's comin' to get you, get
He's comin' to get you
He's comin' to get you, get
