

Hey Hello – Joy

When I saw you at the party
You were talking to a girlfriend
I just walked across the room and said: Hello
Hello!

While we danced I felt your body
Touched your face and dared to kiss you
When the song was over I just couldn't let you go
You go!

Hey hello - be my darling
Hey hello - be my girl

Always wanted so much more than
Just a one night love affair

Hey hello feel the magic
Hey hello in the air

I can give you so much more than
Just a one night love affair

Midnight-hour my apartment
I could feel your burning passion

When I loved you in the shadow
Of the night
the night

You were leaving in the morning
But you promised to recall me

One more kiss
I'll see you soon
And then goodbye!
goodbye!

Hey hello - be my darling
Hey hello - be my girl

Always wanted so much more than
Just a one night love affair

Hey hello feel the magic
Hey hello in the air

I can give you so much more than
Just a one night love affair

Hey hello - be my darling
Hey hello - be my girl

Always wanted so much more than
Just a one night love affair

Hey hello feel the magic
Hey hello in the air

I can give you so much more than
Just a one night love affair

Hey hello - be my darling
Hey hello - be my girl

Always wanted so much more than
Just a one night love affair

Hey hello feel the magic
Hey hello in the air

I can give you so much more than
Just a one night love affair

Hey hello - be my darling
Hey hello - be my girl

Always wanted so much more than
Just a one night love affair

Hey hello feel the magic
Hey hello in the air

I can give you so much more than
Just a one night love affair
