

Paper Light – Loreen

I'm coming back
To start
I'm counting back
To the start
The sound of guns
When we part
I'm in a race
With this heart
Come under my skin
Rush through my face
I need your light
I've been chased
To a stormy place
Shooting up to the sky
We're born to be higher
Higher
We're born to be higher
We're paperlight
You're flashing bright
In my eyes
You're all I've done
All my life
And things aren't always what they seem
We're kings and queens
Of my dreams
Come under my skin
Rush through my face
I need your light
I've been chased
To a stormy place
Shooting up to the sky
We're born to be higher
Higher
We're born to be higher
We're paperlight
We're born to be higher

Higher
We're born to be higher
Like paperlights in the sky
I do it for you
You do it for me
I do it for you
You do it for me
I do it for you
You do it for me
I
We're born to be higher
Higher
We're born to be higher
We're paperlight
We're born to be higher
Higher
We're born to be higher
Like paperlights in the sky
