

Selena Gomez – Love will remember

Now's all we got,
And time can't be bought
I know it inside my heart
Forever will forever be ours
Even if we try to forget
Love will remember

You said you loved me
I said I loved you back,
What happened to that?
What happened to that?
All your promises
And all the plans we had
What happened to that?
What happened to that?

Boom, gone
Yeah, we move on
Even if we try to forget

Love will remember you
And love will remember me
I know it inside my heart
Forever will forever be ours
Even if we try to forget
Love will remember
Love will remember
Love will remember
Love will remember
Love will remember

The trips we dream of takin'
The tags left on the map
What happened to that?
What happened to that?
When all you had was nothin'

And all we did was laugh
What happened, what happened,
What happened to that?

Boom, gone
Yeah we move on
Even if we try to forget

Love will remember you
And love will remember me
I know it inside my heart
Forever will forever be ours
Even if we try to forget
Love will remember
Love will remember
Love will remember
Love will remember
Love will remember

Love will remember
Love will remember
Love will remember
Love will remember

Break down the walls
Let heaven in
Somewhere in forever
We'll dance again
We used to be inseparable
I used to think that
I was irreplaceable
We lit the whole world up
Before we blew it up
I still don't know just
How we screwed it up
Forever, forever, forever

Love will remember you
And love will remember me
I know it inside my heart

Forever will forever be ours
Even if we try to forget
Love will remember
Love will remember
Love will remember
Love will remember
Love will remember

Love will remember
Love will remember
Love will remember
Love will remember
