

So sad so sexy – Lykke Li

Open your eyes
I'm right in front of you
Open your eyes
Open your eyes
I'm walking out on you
For the last time
I keep my heart aching
Why do we keep faking?
I was only lying when I looked in your eyes
I'm crying diamonds like a river inside
And it's so sad, so sexy
So sad, so sexy
I was only lying when I looked in your eyes
Now I'm lying with you one last time
And it's so sad, so sexy
So sad, so sexy
Don't turn around
I'm not the one for you
Don't turn around
I (I) keep my heart aching
Why don't have the guts to break it?
I was only lying when I looked in your eyes
I'm crying diamonds like a river inside
And it's so sad, so sexy
So sad, so sexy
I was only lying when I looked in your eyes
Now I'm lying with you one last time
And it's so sad, so sexy
So sad, so sexy
So sad, so sexy
So sad, so sexy
So sad, so sexy
Our love was a slow dance (slow dance)
Slow, I dance, but I don't feel it
Darling,
I was only lying when I looked in your eyes

I'm crying diamonds like a river inside
And it's so sad, so sexy
So sad, so sexy
I was only lying when I looked in your eyes
Now I'm lying with you one last time
And it's so sad, so sexy
So sad, so sexy
So sad, so sexy
So sad, so sexy
So sad, so sexy
