

# Another brick in the wall – Pink Floyd

We don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teachers leave those kids alone  
Hey! teachers! leave those kids alone!  
All in all you're just another brick in the wall  
All in all you're just another brick in the wall

We don't need no education  
We don't need no thought control  
No dark sarcasm in the classroom  
Teachers leave those kids alone  
Hey! teacher! leave us kids alone!  
All in all you're just another brick in the wall  
All in all you're just another brick in the wall
