

Tower Of Mistakes – Rebecca Sugar

Maybe you're better off with her
I think she's better for you
I forgot how great it felt to be us
Guess I got carried away
I had to use you to make me feel strong
But I don't care about that now
I see a tower built out of my mistakes
And it all comes crashing down
Is there something I can doo-oo
Is there something I can doo-oo-oo
Is there something I can doo-oo
Can I make it up to you?
