## The Chair - The 69 Eyes

Just walk Away from these dreams And talk The pain what it seems Angel of my revelation I don't really want to let you Walk Away from these dreams You gotta turn it all over You gotta turn it all over All over again Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone in misery **Just walk** Away from these dreams And talk The pain what it means Angel of my revelation I don't really want to hurt you So walk Away from these dreams You gotta turn it all over You gotta turn it all over All over again Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone In misery Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone in misery Kick the chair right down under me Leave me hanging alone In misery! Kick the chair right down, Kick the chair right down, In misery Kick the chair right down, In misery! Misery will not comin'
