

# Not Gonna Get It – Viki Gabor

That our love, it's gone yeah  
A disease that you can't control  
So what you want me so close then, yeah

That one in the million  
That you let slip through your hands  
So why can't let you get close again, yeah

It's a pill that I can swallow  
Now you tried again to my tomorrow  
Sorry but my heart is a world away

Now you want it but you not not not not  
not not not gonna get it  
You want it but I'm not not not not  
not not not gonna give it to ya

You want it but you not not not not  
not not not gonna get it  
Now you should have known  
You lost it all

Tell my why when it's easy  
You don't feel like giving it you all  
But now you give me everything  
No

No I can't go back now  
I can't let you take control  
So why can't let you get close again, yeah

It's a pill that I can swallow  
Now you tried again to my tomorrow  
Sorry but my heart is a world away

Now you want it but you not not not not

not not not gonna get it  
You want it but I'm not not not not  
not not not gonna give it to ya

You want it but you not not not not  
not not not gonna get it  
Now you should have known  
You lost it all

Now you want it but you not not not not  
not not not gonna get it  
You want it but I'm not not not not  
not not not gonna give it to ya

You want it but you not not not not  
not not not gonna get it  
Now you should have known  
You lost it all

You want it but you not not not not  
not not not gonna get it  
Now you should have known  
You lost it all
