

Imagine Dragons – Walking The Wire

Do you feel the same when I'm away from you?
Do you know that land that I've walked for you?
We could turn around or we can give it up
But we'll take what comes, take what comes
Oh, the storm is raging against us now
If you're afraid of falling, then don't look down
But we took the step, oh, we took the leap!
And we'll take what comes, take what comes

Feel the wind in your hair
Feel the rush way up here!

We're walking the wire, love
We're walking the wire, love!
We're gonna be higher, up!
We're walking the wire! wire! wire!

There's notes we had, just walk away
And there's tears we'll cry,
But those tears will fade
It's a price to pay when it comes to love
And we'll take what comes, take what comes

Feel the wind in your hair
Feel the rush way up here!

We're walking the wire, love
We're walking the wire! love!
We're gonna be higher, up!
We're walking the wire! wire! wire!
So look out down below!
Look out down below!
Look out down below!
Walking the wire! wire! wire!
So look out down below!

Oh, I take it when thunder roars
And I'll hold you close, I'll stay the coarse
And I promise you from up above
That we'll take what comes, take what comes

Love

We're walking the wire, love
We're walking the wire, love!
We're gonna be higher, up!
So look out down below!
Look out down below!
Look out down below
Walking the wire! wire! wire!
So look out down below!
We're walking a wire
We're walking a wire,
Walking a wire, walking wire, wire, wire!
