

# Sparrow Song – Acrylics

I was up in the air  
Streak like a sparrow  
I was on my way  
Out the window  
Over planets and skies and the fields  
Of a future time  
I was unprepared, following shadows  
Hunting deers, dodging arrows  
We were moving in light years  
No one was fooling like last time  
I saw unusual creation  
I saw the waste of a world  
I found an open window  
I found a second door  
We were tumbling down  
I was up in the air  
Streak like a sparrow  
I was on my way  
Out the window  
Over planets and skies and the fields  
Of a future time  
I saw unusual creation  
I saw the waste of a world  
I found an open window  
I found a second door  
We were tumbling down  
Aaaaaaaaaaaaaaaaaa  
Aaaaaaaaaaaaaaaaaa
