

I miss You – Adele

I want every single piece of you
I want your heaven and your ocean's too
Treat me soft but touch me cruel
I wanna teach you things you never knew
Bring the floor up to my knees
Let me fall into your gravity
And kiss me back to life to see
Your body standing over me

Baby don't let the lights go down
Baby don't let the lights go down
Baby don't let the lights go down

Lights go down, lights go down
Lights go down, lights go down
Down, down, down,

I miss you when the lights go out
It illuminates all of my doubts
Pull me in, hold me tight
Don't let go, baby give me light
I miss you when the lights go out
It illuminates all of my doubts
Pull me in, hold me tight
Don't let go, baby give me light

I love the way your body moves
Towards me from across the room
Brushing past my every groove
No one has me like you do
In your heart I bring my soul
But be delicate with my ego
I wanna step into your great unknown
With you and me setting the tone

Baby don't let the lights go down

Baby don't let the lights go down
Baby don't let the lights go down

Lights go down, lights go down
Lights go down, lights go down

Down, down, down,

I miss you when the lights go out
It illuminates all of my doubts
Pull me in, hold me tight
Don't let go, baby give me light
I miss you when the lights go out
It illuminates all of my doubts
Pull me in, hold me tight
Don't let go, baby give me light

We play so dirty in the dark
Cause we are living worlds apart
It only makes it harder baby
It only makes it harder baby
Harder baby, harder baby

I miss you when the lights go out
It illuminates all of my doubts
Pull me in, hold me tight
Don't let go, baby give me light
I miss you when the lights go out
It illuminates all of my doubts
Pull me in, hold me tight
Don't let go, baby give me light

I miss you, I miss you
I miss you, I miss you
I miss you, I miss you
I miss you, I miss you
