

# Change this life (autorska) – Adrian Adu Nowiński

I can't deny  
That sometimes I feel sad  
And it seems that memories stucked in my head  
Stemp of living and sign  
Of happiness and smile  
I had perfect life  
It's not illusion  
I can't deny that sometimes I feel bad  
And it' seems that noone think about the rest  
Any streams any smile why can we change this  
Life Nowadays we must improve this life  
Your every single day becomes a challenge for  
You Somebody who will jealous will be pain  
Neck for you  
Too many bitter tears conected with a  
Sadness view don;t be a fool we are the  
Rain falls down on you
