Energize me – After forever

Energize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between us
It's not a fantasy
Another mystery
It's just what I can feel
And something I can see
It's like a memory
And in a melody
It's just what we all know
And we all hear
I was blind
I was closed down
Could not feel
Or set it free
Energize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between us
It lies in everyone
This swelling energy
It's all around us too
Electrifying you
So can't you set it free?
This virtue is the key
Just something we all know
And we are used
I can feel
It's inside me
Open up
Enlighten me
Energize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between us

Energize me with a simple smile
Open up your mind
Energize me activate that light
That's given and taken
Can you believe in the power
That's burning between us?
Would you believe if you open up your mind
Open up your mind
Energize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between us
Energize me with a simple smile
Open up your mind
Energize me, fire up this flame
That's burning forever
