

# Broken sleep – Agnes Obel

Ooh ooh ah, ooh ooh ah  
Broken sleep, all too human  
A malady  
It's gazing through when I  
Dream me a dream soft as a pillow  
Dream me a dream  
Dream me a dream  
Dream me a dream  
Dream me a dream  
Dream me a dream  
Shapes of smoke, all too human  
They grow like titans  
I would like to fall, silence every call  
(Would you level me with a dream?)  
If I will fall, fall, fall, fall  
I would like to fall (Fall asleep)  
Silence every call  
(Would you level me with a dream?)  
If I will fall, fall, I will fall, fall  
Twisted rope defies all I know (Ooh)  
It holds my reason  
Dream me a dream soft as a pillow  
Dream me a dream  
Dream me a dream  
Dream me a dream  
Dream me a dream  
Dream me a dream  
Sea of trees calling humans  
Hang like leaves from the willow  
I would like to fall, silence every call  
(Would you level me with a dream?)  
If I will fall, fall, fall, fall  
I would like to fall (Fall asleep)  
Silence every call  
(Would you level me with a dream?)  
If I will fall, fall, I will fall, fall

Take my word for it  
Ooh, in the dark, in the dark  
In the dark, words can follow
