

Adventure is out there – AJR

I keep losing my socks
Where the hell do they go?
I bet they're finally free
Floating somewhere in the sea
Do they miss my feet?
I keep losing my socks
I got nothing to wear
I bet they're at her place
A house where I can't show my face
How I wanna be there
Holy moly, it's a real do-nothing day
I could change address and try another state
I could change my name, it won't do anything
Adventure is out there
Adventure is out there
So why am I in here
So why am I in here today?
Think I'm losing my mind
How pathetic and tired
Think where they could be
Some hotel in Germany
Hope they're loving the ride
Holy moly, it's a real do-nothing day
I could change address and try another state
I could change my name, it won't do anything
Adventure is out there
Adventure is out there
So why am I in here
So why am I in here today?
I bought me some new socks
I won't lose them I'm sure
And someday hopefully
I'll slip away and they'll lose me
And I'll be seeing the world
Holy moly, it's a real do-nothing day
I could change address and try another state

I could change my name, it won't do anything

Adventure is out there

Adventure is out there

So why am I in here

So why am I in here today?

Why am I in here today?

Why am I in here today?
