

Hero – Alan Walker

Been here before
It's in my muscle memory, I'm pretty sure
I recognize you,
There is something in your eyes
Won't let you get away tonight
You leave me in the dark
I'm stumbling around like I'm a question mark
Wondering if you're around
To catch me if I fall
If I come crashing to the wall
Will you light me up
Jump start my heart
I need someone
Before the sun goes down
Who's gonna save me now
Some kind of hero
I can't breathe
Hoping you're here
To rescue me
Before the sun goes down
Who's gonna save me now
Some kind of hero
Been here before
It's in my muscle memory, I'm pretty sure
I've felt this energy,
There's something in your touch
Something reminding me of us
Will you light me up
Jump start my heart
I need someone
Before the sun goes down
Who's gonna save me now
Some kind of hero
I can't breathe
Hoping you're here
To rescue me

Before the sun goes down
Who's gonna save me now
Some kind of hero
Some kind of hero
