

# Empires (wersja Eurowizyjna) – Alicja Szemplińska

Ashes to ashes dust into dust  
I'll follow you through black  
Try to forgive that I'm not awake  
I'm Dreaming this dream could last  
No looking down  
There's fool's gold in our eyes  
Burning an empire  
Happens so easy  
Playing whit fire  
Maybe it's you and me  
Burning an empire  
Is our fault we  
Rise and fall  
Like moth to the flame  
Like birds to a pane of glass  
Hoping for change but we do the same  
We're gasoline and a match  
No looking down  
There's fool's gold in our eyes  
Burning an empire  
Happens so easy  
Playing whit fire  
Maybe it's you and me  
Burning an empire  
Is our fault we  
Rise and fall  
We just want it all  
Used to be a tower so tall  
Now we're only crumbling walls  
We rise and fall  
Moth to the flame as we do the same  
Like birds to a pane of glass  
Down to the wire  
Empire fall
