

# Fading – Alle Farben

All I ever wanted was to find you  
Find a love I never knew  
I can feel the pain inside me fading  
While I'm fading into you  
Been to Paris, been to Rome  
But I never found my home  
Till you came and took my hand  
Been to deserts and the coast  
Couple turns along the road  
Then I found you in the end  
You think that we are out of the dark  
Laying out my cards  
In your hands all of them showing hearts  
Seasons changing all the time  
But our love's one of a kind  
Write our names into the sky  
Come on, keep it going  
There's so much for us to see  
(Whoo hoo, whoo hoo, whoo hoo hoo)  
It don't matter where we are  
As long as you're with me  
(Whoo hoo, whoo hoo)  
As long as you're with me  
All I ever wanted was to find you  
Find a love I never knew  
I can feel the pain inside me fading  
While I'm fading into you  
All I ever wanted was to find you  
Find a love I never knew  
I can feel the pain inside me fading  
While I'm fading into you  
City lights passing by  
Without you I'm colorblind  
Ain't no reason left to hide  
Chasing highs day and night  
Praying you stay by my side

When you're with me I'm alright  
You lead the way out of the dark  
Laying out my cards  
In your hands all of them showing hearts  
Never leave, standing still  
Put you on a pedestal  
Keep you safe and always will  
Come on, keep it going  
There's so much for us to see  
(Whoo hoo, whoo hoo, whoo hoo hoo)  
It don't matter where we are  
As long as you're with me  
(Whoo hoo, whoo hoo)  
As long as you're with me  
All I ever wanted was to find you  
Find a love I never knew  
I can feel the pain inside me fading  
While I'm fading into you  
All I ever wanted was to find you (find you)  
Find a love I never knew  
I can feel the pain inside me fading  
While I'm fading into you  
Into you, yeah, into you, yeah  
Fading, oh I'm fading  
Into you ooh, into you ooh
