

# Heartbreaker – Alphaville

I feel so lonely when I'm not with you  
It's such a shame that I'm spending my time  
Without you  
Yet I have found you're from a different  
World  
It must be Venus cause love's such a prime  
Time  
With you, girl  
Don't you understand  
We ride on a space-ship out of control  
How sublime  
Who's breaking who's heart first  
You say you can't do it, mama  
Yes you can  
It's so easy to do  
By giving me less of your love  
Than you hold in your heart  
My baby with your come-to-bed eyes  
Just one little kiss from your lips  
Is enough for a lightyear or more in love  
You're breaking my heart  
Each night that i don't get enough  
Each night, and i can't get enough of you  
Each night and i can't get enough of you  
Each night and i can't get enough
