

# Dream Home – Amelia Cierpiał

I told you where is my home  
Do you see we're almost there  
I would smash down the door  
When we get there together  
There is my dream home  
It's so close  
I feel like a storm  
In a tea cup  
There is my dream home  
It's so close  
I feel like a storm  
In a tea cup  
I'm so excited to see home  
But there is one thing that I wanna know  
Why you stopped when we are so close  
Let me guess  
You want to stay here with me  
There is my dream home  
It's so close  
Feel like a storm  
In a tea cup  
There is my dream home  
It's so close  
But I know you're right  
Our place is here
