

Action – Anastasia Prikhodko

I don't wanna be alive
By Your side
And I know I'm gonna send
Mayday
I don't wanna have a deal
Your chilled eyes
'Cause they cut me like a knife
Baby
Wish You feel a bit alone
When I'm gone
Wanna see You come apart
Chase me
Wanna see me smiling down
Feel Your heart
I don't wanna be
I've been falling to action
Like You've done
I've been falling to action
To be loved
I've been falling to action
And I know
I've been falling to action
And your world
Their fault
I've been falling to action
Like You've done
I've been falling to action
To be loved
I've been falling to action
And I know
I've been falling to action
And your world
Their fault
I don't wanna hear Your call
Anymore
But You hold me like a gun

Baby
Wanna see me shoot You down
Kill Your heart
I don`t wanna be
