

# Wild Child – Anastazja Maciąg

Why so serious?

Tell me why you look so mysterious

Illusions have got me delirious

And over my head when you blow my mind

Ah

Give me one more desert night

I need your venom,

I'm

I-I-I-I'm a wild child

Baby, I know you're a snake

So come on and show me your wild side

Maybe I'll give you a taste

Be a slave to the melody,

Ain't no other remedy

Damage is already done, done, done, done

I-I-I-I'm a wild child

I'm a wild child

And I must admit it's tragic

Got me wrapped up in your magic,

Madness

But I like to feel the static

'Cause I need that kind of savage,

Savage

Give me one more desert night

I need your venom,

I'm

I-I-I-I'm a wild child

Baby, I know you're a snake

So come on and show me your wild side

Maybe I'll give you a taste

Be a slave to the melody,

Ain't no other remedy

Damage is already done, done, done, done

I-I-I-I'm a wild child

I'm a wild child

(-----)

(I'm a wild child)

(-----)

(I'm a wild child)

W-w-w-w-wild child,

W-wild child

You can take your bite,

Uh-huh, uh-uh

Yeah,

W-w-w-w-wild child,

W-wild child

You can take your bite,

Come on, come on,

Uh-huh

I-I-I-I'm a wild child

Baby, I know you're a snake

So come on and show me your wild side

Maybe I'll give you a taste

Be a slave to the melody,

Ain't no other remedy

Damage is already done, done, done, done

I-I-I-I'm a wild child

I'm a wild child
