HIM - And Love Said No

And loves light blue

Led me to you

Through all the emptiness

-That had become my home

Love's lies cruel

Introduced me to you

And that moment I knew I was out of hope

Kill me

I begged and love said no

Leave me

For dead and let me go

Kill me

I cried and love said no

Kill me

I cried and love said no

Love's icy tomb

Dug open for you

Lies in a cemetery that bares my name

Love's violent tune

From me to you

Rips your heart out and leaves you

Bleeding with a smile on your face

Kill me

I begged and love said no

Leave me

For dead and let me go

Kill me

I cried and love said no

Kill me

I cried and love said no

Loves light blue

Took me from you

And that moment I knew

I was out of hope again

Kill me

I begged and love said no

Leave me
For dead and let me go
Kill me
I cried and love said no
Kill me
I cried and love said no
Love said no
And love said no
