

# Girls On Girls – And One

Pictures of a shady, sexy little lady  
I saw them on her Facebook  
She's got a nice look  
There's something in her eyes I can't ignore  
It's sweet and quiet  
She doesn't like us guys at all  
But we don't care, we want to  
Listen to the sound of pleasure toys  
We love girls on girls  
Every bitchy mate pretended just for fun  
Dancing to the beat of macho boys  
While they ring their bells  
Girls on girls, rubbing hard 'til it hurts  
Girls on girls  
Girls on girls  
Girls on girls  
Girls on girls  
(Oh-oh-oh)  
"So, your boyfriend left you, right?"  
"And you're happy with it?"  
"And now you wanna f\*ck girls forever?"  
Ja-ja"  
Baby, you can't ride a horse  
Without a creamy seat  
You want me give you what you need  
For this song, you don't need a brain, now  
Listen to the sound of pleasure toys  
We love girls on girls  
Every bitchy mate pretended just for fun  
Dancing to the beat of macho boys  
While they ring their bells  
Girls on girls, rubbing hard 'til it hurts
