

Goodbye – Apparat

Please put me to bed
And turn down the light
Fold down your hands
Give me a sign
Put down your lies
Lay down next to me
Don't listen when I scream
Bury your doubts and fall asleep
Find out
I was just a bad dream
Let the bed sheet
Soak up my tears
And watch the only way out disappear
Don't tell me why
Kiss me goodbye
For Neither ever, nor never
Goodbye
Neither ever, nor never
Goodbye
Neither ever, nor never
Goodbye
Goodbye
