

Over And Over Again – Ariana Grande & Nathan Sykes

From the way you smile
To the way you look
You capture me
Unlike no other

From the first hello
Yeah, that's all it took
And certainly
We had each other

And I won't leave you
Always be true
One plus one, two for life
Over and over again

So don't ever think I need more
I've got the one to live for
No one else will do
I'm telling you

Just put your heart in my hands
I promise it won't get broken
We'll never forget this moment
It will stay brand new
'Cause I'll love you
Over and over again

Over and over again

From the heat of night
To the break of day
I'll keep you safe
And hold you forever

And the sparks will fly

They will never fade
'Cause every day gets better and better

And I won't leave you
Always be true
One plus one, two for life
Over and over again

So don't ever think I need more
I've got the one to live for
No one else will do
I'm telling you

Just put your heart in my hands
I promise it won't get broken
We'll never forget this moment
It will stay brand new
'Cause I'll love you
Over and over again

Over and over again

Girl when I'm with you
I lose track of time
When I'm without you
You're stuck on my mind

I'll be all you need
Until the day that I die
I'll love you
Over and over again

So don't ever think I need more
I've got the one to live for
No one else will do
I'm telling you

Just put your heart in my hands
I promise it won't get broken
We'll never forget this moment

It will stay brand new
'Cause I'll love you
Over and over again

Over and over again

Over and over again
