

Got her own – Ariana Grande

Me and all my girls
Keep it lit when we come through
We can buy a table in the bar if we want to
Don't be tryna front
'cause this ain't what you used to
Ladies in the buildin',
Probably makin' more than you
He might got money, but I bet she got her own
You know she independent,
When she leave here all alone
You already know, you know
, you know, you know, you know
You already know, you know,
You know, you know, you know
But you could still get it though
You could still get it (uh-huh)
You could still get it
Only if you wit' it though
Only if you wit' it (uh-huh)
You could still get it
You know, you know,
You know, you know, you know
You know, you know,
You know, you know, you know
You be throwing money, yeah, yeah, yeah
We can do that too
But we rather spend it, yeah, yeah, yeah
On all of them new shoes
Baby, I don't mind puttin'
You on some new-new
Ladies in the buildin',
Probably makin' more than you
He might got money, but I bet she got her own
You know she independent
When she leave here all alone
You already know, you know,

You know, you know, you know
You already know, you know,
You know, you know, you know
But you could still get it though
You could still get it (uh-huh)
You could still get it
Only if you wit' it though
Only if you wit' it (uh-huh)
You could still get it
You know, you know, you know,
You know, you know
You know, you know, you know,
You know, you know
She got her own
He might got money,
But I bet she got her own, yeah
He might got (he might got),
Ah, ah (he might got)
He might got money,
But I bet she got her own, yeah
Mm, mm
