

# Yes, and? – Ariana Grande

In case you haven't noticed  
Well, everybody's tired  
And healin' from somebody  
Or somethin' we don't see just right  
Boy, come on, put your lipstick on  
Come on and walk this way through the fire  
And if you find yourself in a dark situation  
Just turn on your light and be like  
"Yes, and?"

Say that shit with your chest, and  
Be your own fuckin' best friend  
Say that shit with your chest  
Keep moving like, "What's next?"  
"Yes, and?"

Now, I'm so done with caring  
What you think, no, I won't hide  
Underneath your own projections  
Or change my most authentic life  
Boy, come on, put your lipstick on  
Come on and walk this way through the fire  
And if you find yourself in a dark situation  
Just turn on your light and be like  
"Yes, and?"

Say that shit with your chest, and  
Be your own fuckin' best friend  
Say that shit with your chest  
Keep moving like, "What's next?"  
"Yes, and?"

My tongue is sacred, I speak upon what I like  
Protected, sexy, discerning with my time  
Your energy is yours and mine is mine  
What's mine is mine  
My face is sitting, I don't need no disguise  
Don't comment on my body, do not reply  
Your business is yours and mine is mine  
Why do you care so much whose I ride?

Why?

"Yes, and?"

Say that shit with your chest, and

Be your own fuckin' best friend

Say that shit with your chest

Keep moving like, "What's next?"

"Yes, and?"

"Yes, and?"

Say that shit with your chest, and

Be your own fuckin' best friend

Say that shit with your chest

Keep moving like, "What's next?"

"Yes, and?"
