Yes, and? - Ariana Grande

In case you haven't noticed Well, everybody's tired And healin' from somebody Or somethin' we don't see just right Boy, come on, put your lipstick on Come on and walk this way through the fire And if you find yourself in a dark situation Just turn on your light and be like "Yes, and?" Say that shit with your chest, and Be your own fuckin' best friend Say that shit with your chest Keep moving like, "What's next?" "Yes, and?" Now, I'm so done with caring What you think, no, I won't hide Underneath your own projections Or change my most authentic life Boy, come on, put your lipstick on Come on and walk this way through the fire And if you find yourself in a dark situation Just turn on your light and be like "Yes, and?" Say that shit with your chest, and Be your own fuckin' best friend Say that shit with your chest Keep moving like, "What's next?" "Yes, and?" My tongue is sacred, I speak upon what I like Protected, sexy, discerning with my time Your energy is yours and mine is mine What's mine is mine My face is sitting, I don't need no disguise Don't comment on my body, do not reply Your business is yours and mine is mine

Why do you care so much whose I ride?

Why?
"Yes, and?"
Say that shit with your chest, and
Be your own fuckin' best friend
Say that shit with your chest
Keep moving like, "What's next?"
"Yes, and?"
"Yes, and?"
Say that shit with your chest, and
Be your own fuckin' best friend
Say that shit with your chest
Keep moving like, "What's next?"
"Yes, and?"
