

Hold on – Armin van Buuren ft. Davina Michelle

Mmmm mmmmm

If I could walk alone on water

Oh, I would

If I could set the moon on fire

Watch me shoot

But keeping up appearances

Is the first thing taught in school

You think I got my life all sorted?

You're a fool

I'm not easy to be around

But it's not easy to live without

A warm embrace

Familiar face

A safer place

Hold on, hold on

We don't have to walk on water

Hold on, hold on

Our love is simple but that's enough

Can't you see, I am here

Hold my hands and keep me, dear

Hold on, hold on

Love is simple but that's enough

Behind this simple smile

Is a complicated story

And we both know, baby

The truth is never pretty

But I'm scared as hell you won't like

What you see

Are you sure are you ready for the real me?

I'm not easy to be around

But it's not easy to live without

A warm embrace

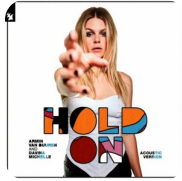

Familiar face

Saved by grace

Hold on, hold on

We don't have to walk on water

Hold on, hold on
Our love is simple but that's enough
Can't you see, I am here
Hold my hands and keep me, dear
Hold on, hold on
Love is simple but that's enough
Hold on, hold on
We don't have to walk on water
Hold on, hold on
Love is simple but that's enough
