

Llama In My Living Room ft. Little Sis Nora – AronChupa

My neighbour's knocking and I open carefully
He looks a bit like Ronny Jeremy
He's screaming at me "damn you little Albatraoz!"
While he smells like chips and calvadaoz
He said what the hell is going on
What is the goddamn growl?
That ain't no sound of Rock 'n' Roll
I said I'm so sorry but I got this thing I have to show
That might be good for you to know

So I brought him inside
Don't know why
But then suddenly he just passed out
I thought well alright, can't deny

That I got a llama in my living room
A llama in my living room
A llama in my, llama in my, llama in my, llama in my
A llama in my living room
I got a
A llama in my living room
I got a
A llama in my living room
A llama in my living room

I saw my little neighbour shaking on the floor
I've never seen a man like that before
He didn't even make it through my kitchen door
He must have thought it was a dinosaur
Then he opened up his eyes screaming "Imma kill that thing!"
Then his big arm started to swing
I tried to calm him down told him "take it easy now"
It's just my llama named Chow-chow
Then he raced up, he said "what"
I said "I'm sorry but I just can't stop"

Now you know what
What I got

That I got a llama in my living room

A llama in my living room

A llama in my, llama in my, llama in my, llama in my

A llama in my living room

I got a

A llama in my living room

I got a

A llama in my living room

A llama in my living room
