

I Love It When You Kiss Me – Artemas

Intro

I like the way you touch me
Almost like you love me
But we're having fun fun fun fun
I try to keep it cool
But I think you know the truth
Baby I'm falling deep for you you you you
I pull my hips, I'm yours to take
Your love to tease and make me beg
My neck, your teeth
I love the pain
I said we're done yet here I stay
You're my favourite mistake oh no
Can we pretend that this is real
I won't tell my friends
But I'll make you mine
At least for a night
Baby I'm on fire for you
I like it when you kiss me
I can tell you miss me
I can tell it hits hits hits hits
I know I'm a romantic
And though I ask for much
I hope you won't get attached
I like the way you kiss me
I can tell you missed me
I Can tell it hits hits hits hits
Not tryna be romantic
I hit it from the back
So you don't get attached
