

# Panic Attacks In Paradise (With Backing Vocals) – Ashnikko

Typical of me to go and ruin the party  
Everybody says they love me,  
But I'm still brokenhearted  
They call me Polly Pessimism,  
I'm a ma-macabre Barbie (I love you)  
My boyfriend wants to love me,  
But I won't let him  
I've been predisposed to trauma  
Since I was 11  
So I wrote a couple albums  
To let out some aggression  
I hate that I'm so  
Self-deprecating,  
More comfortable in bad situations  
Sucker for a little devastation  
And this always happens  
Panic attacks in paradise  
Piña coladas, I'm terrified  
I swear I'm not cryin', the sun's just bright  
I'm havin' the best time of my life  
Panic attacks in paradise  
Hyperventilating under candy skies  
Tellin' myself that this is fine  
I'm havin' the best time of my life  
It's a big joke  
Ha ha, I love laughin'  
It's a big hoax  
Your self-help happy  
'Cause I'm okay  
I'm pure propane  
On an open flame  
Watch me blow up  
My boyfriend wants to love me  
But I won't let him  
I've been predisposed to trauma

Since I was 11  
So I wrote a couple albums  
To let out some aggression  
I hate that I'm so  
Self-deprecating,  
More comfortable in bad situations  
Sucker for a little devastation  
And this always happens  
Panic attacks in paradise  
Piña coladas, I'm terrified  
I swear I'm not cryin', the sun's just bright  
I'm havin' the best time of my life  
Panic attacks in paradise  
Hyperventilating under candy skies  
Tellin' myself that this is fine  
I'm havin' the best time of my life
