

# My Head & My Heart – Ava Max

Baby, now and then  
I think about me now  
And who I could have been  
And then I picture all the perfect that we lived  
Till I cut the strings on your tiny violin  
Oh woah

My minds got a my my mind  
It's own right now and it makes me hate me  
I'll explode like a dynamite if I can't decide, baby

My head and my heart are torturing me, yeah  
Lost my mind in your arms, I go to extremes, yeah  
When angels tell me run  
And monsters call it love, oh oh  
My head and my heart, I'm torn in between, yeah

La-la, la-la-la La-la,  
La-la, la-la, la La-la,  
La-la-la La-la, la-la,  
La-la, la La-la,  
La-la-la La-la,  
La-la, la-la, la La-la,  
La-la-la La-la, la-la, la-la, la

Tell me yes or no Asking the heaven,  
Should I stay or should I go?"  
You held my hand when I had nothing left to hold  
And now I'm on a road, woah

My minds got a my my mind of  
It's own right now and it makes me hate me  
I'll explode like a dynamite if I can't decide, baby

My head and my heart are torturing me, yeah  
Lost my mind in your arms, I go to extremes, yeah

When angels tell me run  
And monsters call it love, oh oh  
My head and my heart, I'm torn in between, yeah

La-la, la-la-la La-la,  
La-la, la-la, la La-la,  
La-la-la La-la, la-la,  
La-la, la La-la,  
La-la-la La-la,  
La-la, la-la, la La-la,  
La-la-la La-la, la-la, la-la, la

I'm standing at the crossroads  
I cross my heart with X and OS  
Which way leads to forever?  
Woah-oh, oh-woah oh, oh-woah oh, oh-woah oh  
God only knows

My head and my heart are torturing me, yeah  
Lost my mind in your arms, I go to extremes, yeah  
When angels tell me run  
And monsters call it love, oh oh  
My head and my heart, I'm torn in between, yeah

La-la, la-la-la La-la,  
La-la, la-la, la La-la,  
La-la-la La-la, la-la,  
La-la, la La-la,  
La-la-la La-la,  
La-la, la-la, la La-la,  
La-la-la La-la, la-la, la-la, la
