

Spaceman – Babylon Zoo

Pungent smells, they consulate my home
Beyond the black horizon,
Trying to take control
See my girl, she shivers in her bones
The sun and zenith rising,
Trying to take us all
There's a fire between us
So where is your God?
There's a fire between us
I can't get off the carousel,
I can't get off the carousel
I can't get off the carousel,
I can't get off this world
The sickening taste, homophobic jokes
Images of fascist votes
Beam me up, 'cause I can't breathe
Spaceman
I always wanted you to go
Into space, man
It's time to terminate the great wide world
Morbid fascinations, television takes control
Decimation, different races fall
Electronic information tampers with your soul
There's a fire between us
So where is your God?
There's a fire between us
I can't get off the carousel,
I can't fall off this world
The sickening taste, homophobic jokes
Images of fascist votes
Beam me up, 'cause I can't breathe
Spaceman
I always wanted you to go
Into space, man (Intergalactic Christ)
Spaceman

I always wanted you to go
Into space, man (Intergalactic Christ)
