

# From Heart To Heart – Bad Boys Blue

There is a dream of love and freedom  
I've been dreaming for so long  
So many nights in so many lonely bars  
I never found a girl like you babe  
So my life just went on hold  
Only your love can take me to the stars  
From heart to heart  
Heaven to hell  
Loving you is like a message forever  
And I know  
We'll never part  
'Cos your feelings are so tender and true  
From heart to heart  
Heaven to hell  
You sent a feeling to my land of darkness  
Heart to heart  
Don't break the spell  
The only thing I want is loving you  
Heart to heart  
Heart to heart  
Please come close and let me listen  
To the words your heart can tell  
I know you're the best  
You've given me your life  
I want you  
I want your body  
And I want your soul as well  
'Cos you're my chance to make a dream survive  
From heart to heart  
Heaven to hell  
Loving you is like a message forever  
And I know  
We'll never part  
'Cos your feelings are so tender and true  
From heart to heart  
Heaven to hell

You sent a feeling to my land of darkness  
Heart to heart  
Don't break the spell  
The only thing I want is loving you  
Heart to heart  
Heart to heart  
From heart to heart  
Heaven to hell  
Loving you is like a message forever  
And I know  
We'll never part  
'Cos your feelings are so tender and true  
From heart to heart  
Heaven to hell  
You sent a feeling to my land of darkness  
Heart to heart  
Don't break the spell  
The only thing I want is loving you  
Heart to heart  
Heart to heart
