

# I Totally Miss You – Bad Boys Blue

I did you wrong  
My foolish heart went out to play  
And then I lost you  
Oh what a price for me to pay  
Where have you gone  
Baby where have you gone  
Oh I totally miss you  
My heart is painted blue  
I totally miss you  
I can't stop loving you  
So please come back  
(You'll be making me blue)  
Please come back  
(Why you have promised me the world  
But you have been on through)  
I totally miss you  
I keep on waiting  
And in my dreams I see your face  
You're still in my life  
And no one else can take your place  
Where have you gone  
Baby where have you gone  
Oh I totally miss you  
My heart is painted blue  
I totally miss you  
I can't stop loving you  
So please come back  
(You'll be making me blue)  
Please come back  
(Why you have promised me the world  
But you have been on through)  
Oh I totally miss you  
Where have you gone  
Baby where have you gone  
Oh I totally miss you  
My heart is painted blue

I totally miss you  
I can't stop loving you  
So please come back  
(You'll be making me blue)  
Please come back  
(Why you have promised me the world  
But you have been on through)  
Oh I totally miss you
