

# Pretty Young Girl – Bad Boys Blue

I know  
Life is different to you  
First love  
Can be frightening that's true  
But take me as your brother and your friend  
And take me as your lover and your man  
Ah ah  
Pretty young girl on my mind  
How I wish you to be mine  
Oh oh oh  
Girl you're no child anymore  
(No child no child anymore)  
Ah ah  
Pretty young girl on my mind  
(On my mind)  
Don't you know know I can't hide  
(I can't hide)  
Oh oh oh  
Can't hide my feelings  
You're my girl and you're sixteen  
Oh no  
(Oh no)  
Is it wrong  
Is it right  
Sweet girl  
(Sweet girl)  
I wanna love you tonight  
So take me as your brother and your friend  
But first of all I wanna be your man  
Ah ah  
Pretty young girl on my mind  
How I wish you to be mine  
Oh oh oh  
Girl you're no child anymore  
(No child no child anymore)  
Ah ah

Pretty young girl on my mind  
(On my mind)  
Don't you know know I can't hide  
(I can't hide)  
Oh oh oh  
Can't hide my feelings  
You're my girl and you're sixteen  
Pretty young girl on my mind  
How I wish you to be mine  
Oh oh oh  
Girl you're no child anymore  
(No child no child anymore)  
Ah ah  
Pretty young girl on my mind  
(On my mind)  
Don't you know know I can't hide  
(I can't hide)  
Oh oh oh  
Can't hide my feelings  
You're my girl and you're sixteen
